New Smoking Fetish Movies added at [Smoking Flicks](#)

We've added three videos to open the new month at [Smoking Flicks](#) – the smoking fetish movie streaming and download site. The first two additions are all-new videos, each with two Visualsmoke models – Lana and LuvPink, and Minsoo and Kennedy. There are corks, all-whites and 120s (including Mores), great open-mouth, french and snap inhales, mouth and nose exhales, and some dialogue – plus a couple of Visualsmoke's trademark 1980s blonde wigs. The footage was originally shot by Visualsmoke; some has never been seen and some was seen briefly in their members' area. But we've cleaned up and sharpened the video, edited it and released these new titles:

We also have a terrific smoking oral sex video with Sofie.

Come check them out at [Smoking Flicks](#)
