9/1: New this week at [Smoke Signals Online](#) ...

This week at Smoke Signals Online, the net's premier smoking fetish site, we've added 690 new photos and 22 minutes of new video.

In the photo galleries, Georgia looks smashing in a black teddy as she delivers another incredible performance in the photo galleries: cheek-hollowing inhales, open-mouth and snap inhales, mouth and nose exhales, double drags, talking exhales and hands-free smoking. Her second shoot is at the makeup table doing her hair, but the smoking is just as terrific. Stylish smoker Loretta is a natural nose exhaler; she shows off her nostril exhales along with lots of double drags and huge snap/french inhales.

In the video galleries, Ivy has several terrific closeup shoots, with the focus on her cone exhales, snaps and smoke rings. There are also playful casual and sexy lycra shoots as well.
